

Seamless and efficient submission of FATCA Reporting Requirements.

FATCA Express

FATCA Express is a turn-key solution to take your report data and format it into IRS requirements. It produces a report in the mandatory IRS XML format that is then validated, encrypted and signed with the IRS provided certificate for submission and upload to the IRS.

Key benefits:

- IRS-approved XML format
- Data Validation
- Automated Encryption & Signing
- Reduces and simplifies submission time
- Solution already at work in the field

continuous updates and testing as IRS provide requirement updates

Nova is a Bermuda based, Microsoft Partner-certified, software engineering company. The company has built and architected several successful enterprise-level software systems and has also worked with billion-dollar reinsurance start-ups in bringing ideas from concept to market-execution, as well as global Silicon-valley startups.
